

Section 401 Water Quality Certification Public Notices

The Central Coast Water Board is currently reviewing applications for the following project for certification under Section 401 of the Clean Water Act. We encourage public comments on the proposed work, which will be considered in the decision. You may submit comments in writing on any of these projects to:

Central Coast Regional Water Quality Control Board
895 Aerovista Place, Suite 101
San Luis Obispo, CA 93401
Attention: 401 Coordinator

Project Applicant	Don Dey – City of Gilroy
Applicant's Agent	N/A
Project Name	Chestnut Street Bicycle and Pedestrian Bridge
Receiving Water	Miller Slough
City/County	Gilroy/Santa Clara
Public Notice	9/11/08 to 10/2/08
Project Description	<p>The purpose of this project is to provide pedestrian and bicycle access across Miller Slough and to improve an existing stormwater drainage outfall.</p> <p>The project activities include: installing a 45-foot long bridge that will span the channel, with both abutments above the ordinary high water mark. Stormwater drainage improvements will involve removing two concrete swales and replacing them with a single outfall in the south bank of the channel. The outfall will be secured in place with approximately 2 cubic yards of riprap at the exposed end of the pipe. Grout will be placed around the pipe and rip rap will be filled in with soil and planted with native vegetation.</p> <p>No compensatory mitigation is proposed for this project.</p> <p>A Mitigated Negative Declaration was approved for this project. State Clearinghouse File No. 2007112043</p>
